licence for mining and prospecting mining in the country;

(b) whether Government have recently liberalised the conditions of licence;

(c) if so, the details thereof;

(d) whether it is a fact that royalty on mining operations to the States differ from State to State; if so, the reasons therefor; and

(e) whether Central Government propose to introduce uniform rate of royalty jcross the country?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI RAMESH BAIS): (a) Prospecting licences or Mining leases can be granted to any person who is an Indian National or a Company as defined in Sec. 3(1) of the Companies Act, 1956 as per the provisions contained in Section 5(1) of the Mines and Minerals (Regulation & Development) Act, 1957 (MMR&D Act). The broad parameters as laid down in the Act are as under:

(i) For the minerals included in the First Schedule of the Act, prior approval of the Central Government is required before the prospecting licence/mining lease is granted as per proviso to Section 5(1) of the MMR&D Act.

(ii) As per Section 6(1) (a) of the MMR&D act, one or more prospecting licence covering a total area to the extent of 25 sq.km. could be granted for the whole country. As per Section 7(1) and (2) of the MMR&D Act, the period for which a prospecting licence is granted does not exceed 3 years with a provision for renewals provided that the total period for which it is granted does not exceed 5 years.

(iii) Similarly, as per Section 6(l)(b) of the MMR&D act, the maximum area a person can acquire for mining lease in respect of any mineral or prescribed group of associated minerals is 10 sq. km. in the whole country. Section 8 of the MMR&D Act provides that mining leases are granted for a minimum period of 20 years and maximum period of 30 years. Provisions exist for renewal of a mining lease for a further period or periods not exceeding 20 years in each case.

(b) and (c) Yes, Sir. The Central Government on 30.10.96 issued guidelines for grant of large areas for prospecting licences for carrying out aerial prospecting. Prospecting licence (PL) can now be granted to cover an area upto 5000 sq. km. for a single PL for aerial prospecting with a ceiling of 10,000 sq. km. for the whole country for a single company, subject to certain conditions relating to relinquishment of area over three years and physical and expenditure commitments.

(d) and (e) Royalty rates on major minerals are fixed by the Central Government and the rates are uniform for all the States. Royalty rates on minor minerals are fixed by the respective State Governments and may differ from State to State.

Limestone and Bauxite in Scheduled Minerals

2246. SHRIMATI URMILABEN CHIMANBHAI PATEL: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether it is a fact that the Government of Gujarat have sent a proposal for deletion of Limestone and Bauxite from the list of scheduled minerals shown in Scheduled I of MMRD ACT, 1957;

(bj) if so, the detailed action thereon; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI RAMESH BAIS): (a) to (c) Yes, Sir. The proposal for deletion of Limestone and Bauxite from Schedule I of the Mines and Minerals (Regulation and development) Act, 1957, has been considered by the Committee constituted under the Chairmanship of Secretary (Mines) with the Secretaries of some of the State Governments including the Government of Gujarat, Secretary General, Federation of Indian Mineral Industries, Controller General, Indian Bureau of Mines etc. as members. The terms of reference of the Committee inter-alia, included review of the existing laws and procedures governing regulation and development of minerals and to recommend steps to make them compatible with the policy changes and to suggest steps to reduce delays in grant/renewal of Prospecting Licences/Mining Leases.
